## 'The Edge' Mastermind #2

### Tailored for private, corporate and government sector future leaders

Our region is on the edge of an exciting growth phase, and we're blessed to have such wisdom, knowledge and entrepreneurial spirit in the area to help create new opportunities or seize existing ones. Our future leaders need the relevant skills to help people around them thrive and deliver on the exciting goals that will see the region reach its potential.

This has inspired me to lead another amazing 'The Edge' Mastermind group, bringing together leaders and potential leaders to take themselves to the next level. This Mastermind Group is tailored for managers who want to become more holistic leaders in their organisations and fields.

A Mastermind Group ideally consists of 5-9 participants to allow for deep engagement. We focus on individual aspirations, what each person wants to achieve from being part of the group, and how the group can stretch each participant to enable their goals and bring individual's visions alive. The success lies in establishing a 'challenge and support' environment, which enables each person to grow rapidly in just six sessions.

Please accept this invitation to enhance your unique talents, skills and gifts to help yourself and other leaders to 'The Edge'. My role is to support you, to help define your challenge and assist you to achieve your vision and goal of real personal growth.

I encourage you to contact me to find out more about this fantastic Mastermind group on 0417 449 636.
